SUMMARY

Results-oriented graduate in Software Engineering with a strong foundation in frontend development. Passionate about learning and exploring new technologies, I am currently expanding my skills into backend development. I focus on enhancing functionality through feature development, seamless API integration, and effective problem-solving.

EXPERIENCE

Frontend Developer   07/2023 – Present
PT. Infosys Solusi Terpadu

- Collaborated with the design and backend teams to integrate design elements and ensure seamless frontend-backend integration for CIMB Niaga and Bank Nobu, enhancing user experience and application performance.
- Managed the full project lifecycle for CIMB Niaga, from planning to implementation, ensuring timely deliviery and effective coordination with all stakeholders.

Fullstack Developer   08/2022 – 11/2022
PT. Artcak Teknologi Indonesia

- Developed a Software as a Service (SAAS) web application named Erpro used PHP and the Laravel framework, which is utilized by over 15 providers in Indonesia.
- Created a responsive landing page using HTML/CSS.

Quality Assurance Intern   06/2022 – 08/2022
PT. Artcak Tenologi Indonesia

- Understood system specifications, documentation, and compiled testing reports.
- Performed manual testing on mobile and web applications utilized by over a thousand users.

EDUCATION

Information Systems   2023 – Present
Universitas Terbuka

Software Engineering   2020 – 2023
SMK Telkom Malang

PROJECTS

Explore a collection of my project portfolio by following this [link](#), showcasing a diverse range of documented projects. These projects, which include both my final school assignments and self-initiated work, primarily utilize Laravel, VueJs, and NextJs to build dynamic and impactful solutions.

CERTIFICATES

Javascript (Basic) Hackerrank	2024 – Present
CSS (Basic) Hackerrank	2024 – Present
Certificate of Competency (Laravel – VueJs) DOT Indonesia	2023 – Present
IT – Specialist : Databases Certiport – A Person VUE Business	2022 – Present
MTA : Introduction to Programming using HTML and CSS Microsoft	2021 – 2022

SKILLS

HTML & CSS	Bootstrap
PHP	TailwindCSS
Javascript	Quasar
Go	VueJs
MySQL	NextJs
Git	Laravel
Postman	Golang
